

IN THE UNITED STATES DISTRICT COURT
FOR THE DISTRICT OF NEBRASKA

MEGAN MCGUIRE

Plaintiff,

vs.

CORY COOPER, et al.

Defendants.

CASE NO. 8:16 CV 00004

AFFIDAVIT OF MEGHAN BOTHE

COUNTY OF DOUGLAS)

STATE OF NEBRASKA)

Comes now, your affiant, Meghan M. Bothe, under oath, and deposes and states as follows:

1. The following statements are based upon my personal knowledge and observations. I am over the age of nineteen and am competent to testify.
2. I am a Deputy County Attorney in the Douglas County Attorney's Office ("DCAO").
3. For purposes of discovery in this litigation, I worked to prepare the 57-page Table of DCSO Internal Affairs Investigations From 2005 to Present (Bates 3097-3153),¹ which was sent to counsel for Plaintiff and to Defendant Cory Cooper as part of Defendant Timothy F. Dunning's and Defendant Douglas County's First Supplemental Responses to Plaintiff's First Sets of Requests for Production from Timothy F. Dunning and Douglas County on or about August 26, 2016.
4. DCSO internal affairs investigations include internal and external complaints that are assigned to its Office of Professional Standards as well as complaints and investigations that are internally (supervisor) initiated. There are more than 1,700 internal affairs investigations from 2005 to present – each of which is listed on the Table of DCSO Internal Affairs Investigations From 2005 to Present.
5. In order to prepare the Table of DCSO Internal Affairs Investigations From 2005 to Present, I spent approximately 160 hours reviewing DCSO's internal affairs logs dating

¹ The Table of DCSO Internal Affairs Investigations From 2005 to Present is attached to this affidavit as Exhibit 2(a).

back to 2005, identifying, pulling, and reviewing files potentially responsive to Plaintiff's original discovery requests, checking records and findings, summarizing information to be provided, and creating the Table of DCSO Internal Affairs Investigations From 2005 to Present.

6. In addition to the time I worked on the table alone, Lt. Matthew Martin from DCSO also worked on the table for 30 hours, and two other deputy county attorneys from DCAO worked on the matter for 25 hours.
7. The Table of DCSO Internal Affairs Investigations From 2005 to Present identified each and every internal affairs investigation by file number, date, incident reason, disposition, and whether it was produced in discovery. If the incident reason was broad (*i.e.*, Conduct Unbecoming an Officer), I prepared a summary of the incident.
8. During the preparation of the Table of DCSO Internal Affairs Investigations From 2005 to Present, I was able to narrow the more than 1,700 internal affairs investigation files to approximately 315 potentially responsive files based on DCSO's filing system. Of these files, not many were responsive to Plaintiff's requests for files involving a civilian's allegation of improper contact of a sexual nature as well as the files involving Cory Cooper in any aspect. Once those were reviewed and identified (see Paragraphs 9 and 10, below), I spent the majority of time reviewing the remaining files to determine their respective responsiveness and, where needed, summarizing them for the table.
9. I reviewed and identified whether internal investigations files involved a civilian's allegation of improper contact of a sexual nature for the Table of DCSO Internal Affairs Investigations From 2005 to Present, and produced files identified as such.
 - a. Fourteen (14) internal investigations relating to a civilian's allegation of improper contact of a sexual nature, whether verbal or physical, including but not limited to sexual harassment, conduct unbecoming that involves an alleged verbally or physically sexual element, or official misconduct that involved an alleged verbally or physically sexual element, by a DCSO deputy, sheriff, sergeant, or other rank were identified and produced: DCSO Internal Affairs File No. 1594 (Bates 3154-3197 and 5015-5016), No. 1704 (Bates 3198-3495), No. 1771 (Bates 3496-3527), No. 1941 (Bates 3528-3542), No. 1965 (Bates 3543-3546), No. 1984 (Bates 3547-3585 and 5014), No. 2325 (Bates 3586-3599), No. 2462 (Bates 3600-3729 and 4381-4382), No. 2705 (Bates 375-793), No. 2840 (Bates 3730-3732), No. 2980 (Bates 3733-3739), No. 3030 (Bates 3740-3744), No. 3051 (Bates 3745-3787), and No. 3053 (Bates 3788-3810 and 4383).
10. I reviewed and identified whether internal investigations files involved Cory Cooper in any aspect for the Table of DCSO Internal Affairs Investigations From 2005 to Present, and produced files identified as such.
 - a. Seventeen (17) internal investigations involving Cory Cooper in some aspect were identified and produced: DCSO Internal Affairs File No. 1999 (Bates 3811-3832),

No. 2113 (Bates 3833-3836), No. 2137 (Bates 3837-3843), No. 2171 (Bates 3844-3851), No. 2210 (Bates 3852-3854), No. 2236 (Bates 3855-3868), No. 2261 (Bates 3869-3877), No. 2282 (Bates 3878-3884), No. 2286 (Bates 3885-3893), No. 2628 (Bates 3894-3897), No. 2630 (Bates 3898-3927), No. 2653 (Bates 3928-3933), No. 2658 (Bates 3934-3935), No. 2670 (Bates 3936-3937), No. 2673 (Bates 3938-3939), No. 2705 (Bates 375-793), and No. 2709 (Bates 3940-3941).

11. A total of thirty (30) internal affairs files were identified on the Table of DCSO Internal Affairs Investigations From 2005 to Present as responsive to the County Defendants' disclosure obligations and certain of Plaintiff's discovery requests and were produced accordingly.²
12. Altogether, it took four Douglas County employees approximately 215 hours to create and finalize the Table of DCSO Internal Affairs Investigations From 2005 to Present and to respond to Plaintiff's original discovery requests. This required a review of approximately 315 files, identifying all of DCSO's internal affairs investigations from 2005 to present, and summarizing those files which needed further explanation.
13. In Plaintiff's Third Set of Requests for Production to Defendants Douglas County and Dunning, which is now before this Court in Plaintiff's Motion to Compel, she seeks:
 - a. documents relating to any complaint relating to a civilian's allegation of improper search or seizure by a Douglas County Sheriff's Office deputy, sheriff, sergeant, or other rank, where such Complaint was made at any time between February 30, 2003 and the present; and
 - b. documents relating to any complaint relating to a civilian's allegation of improper physical contact by a Douglas County Sheriff's Office deputy, sheriff, sergeant, or other rank, where such Complaint was made at any time between February 30, 2003 and the present.
14. There are approximately 73 internal affairs investigations related to search and/or seizure from 2005 to present. There are approximately 241 internal affairs investigations into incidents related to use of force from 2005 to present.³
15. All investigations related to search and/or seizure would have to be pulled and reviewed individually to determine if each respective investigation is responsive to Plaintiff's request regarding improper search or seizure (as described in Paragraph 13(a), above).

² Note that DCSO Internal Affairs File No. 2705 was listed in both Paragraphs 9(a) and 10(a), above. That investigation was into Cory Cooper and involved, in part, the allegations forming the basis of this lawsuit. For purposes of clarifying numbers, while the file was identified twice, it was produced only one time (for a total of 30 produced files).

³ Note that these numbers (73 and 241, respectively) reflect investigation files from 2005 to present. However, Plaintiff seeks files from February 30, 2003 to present. This request is temporally overbroad and would add to the number of files to be reviewed and the amount of time to do so. It is also temporally overbroad as Cory Cooper was not employed at DCSO until 2008.

Additionally, investigations related to search and/or seizure could also potentially fall within the meaning of the phrase "improper physical contact" and, therefore, would also have to be pulled and reviewed individually to determine if it each respective investigation is responsive to Plaintiff's request regarding allegations of improper physical contact (as described in Paragraph 13(b), above).

16. All investigations in which the incident is described as "Use of Force" could potentially have occurred in the course of a search or seizure (such as an arrest, investigatory stop, or other seizure) and, therefore, would have to be pulled and reviewed individually to determine if each respective investigation is responsive to Plaintiff's request regarding improper search or seizure (as described in Paragraph 13(a), above). Additionally, "Use of Force" investigations could also potentially fall within the meaning of the phrase "improper physical contact" and, therefore, would also have to be pulled and reviewed individually to determine if it each respective investigation is responsive to Plaintiff's request regarding allegations of improper physical contact (as described in Paragraph 13(b), above).
17. Although Douglas County has already produced all documents involving a civilian's allegation of improper contact of a sexual nature, Plaintiff's current document requests involving any improper search or seizure and improper physical contact would require review of approximately 314 additional DCSO internal affairs investigation files.
18. Based on the experience of pulling, reviewing, identifying, and producing files during the preparation of the Table of DCSO Internal Affairs Investigations From 2005 to Present and in answering Plaintiff's earlier discovery requests, I estimate that even a cursory review (ten (10) minutes or less per file) of the additional 314 files would take multiple Douglas County employees approximately 60 or more hours to fulfill Plaintiff's requests at issue if the timeframe is limited to 2005 to present.⁴

Further your affiant sayeth naught.

Meghan M. Bothe

Subscribed and sworn before me this 16th day of November, 2016.

Notary Public

⁴ See FN 3, *supra*. If this Court were to grant Plaintiff's requests that the production include files from February 30, 2003 to present (as opposed to 2005 to present), the approximate 60 hours of time required to fulfill the requests would increase due to the enlarged timeframe.

IN THE UNITED STATES DISTRICT COURT
FOR THE DISTRICT OF NEBRASKA

MEGAN MCGUIRE

Plaintiff,

vs.

CORY COOPER, et al.

Defendants.

CASE NO. 8:16 CV 00004

**TABLE OF DCSO INTERNAL
AFFAIRS INVESTIGATIONS
FROM 2005 TO PRESENT**

Lt. Matt Martin and counsel for the County Defendants prepared the below table of the Douglas County Sheriff's Office's internal affairs investigations since 2005¹ for purposes of discovery in this litigation. The Douglas County Sheriff's Office tracks and investigates internal and external complaints that are assigned to its professional standards unit (Office of Professional Standards or "OPS") as well as complaints and investigations that are internally (supervisor) initiated. Since January 1, 2005, OPS investigations have been conducted by Lt. Russell Torres (April 19, 1998 through October 8, 2005), Lt. Mark Gentile (September 4, 2005 through April 29, 2008), Lt. Ed Leahy (April 29, 2008 through September 28, 2008), and Lt. Matt Martin (September 29, 2008 through the present).

Investigations of citizen complaints and internal investigation are concluded with a recommended disposition of sustained, sustained on policy, not sustained, unfounded or exonerated. A "sustained" disposition indicates that an investigation supported the conclusion that a member engaged in the alleged conduct and violated department rules and regulations. "Sustained on policy" suggests that an investigation disclosed a lapse in department policy and procedure rather than misconduct by a member. "Not sustained" is a recommendation that there is no preponderance of the evidence to either prove or disprove the alleged misconduct. "Unfounded" indicates that an investigation supports the conclusion that the member did not engage in the alleged misconduct and did not violate department rules and regulations (that there is no basis for the complaint). "Exonerated" means that the incident did occur, but the department member's actions were legal, proper and reasonable.

Not every file which receives an internal affairs file number is a citizen complaint or an internal investigation. If it is not an internal investigation or an investigation of a citizen complaint, it may be given the status of "NFA" (no further action) as a disposition. In these instances, the documents were reviewed through the chain of command, which determined there was no need for, and did not request, further investigation by OPS.

¹ This table is prepared in numerical order by internal affair file number, which is how numbers are assigned and files later stored. To the extent a file number appears for a case prior to 2005, it is listed only to account for the file number.

File No.	Date	Incident Reason	Citizen complaint?	Civilian's allegation of improper contact of a sexual nature, whether verbal or physical?	Disposition	Produced?
